Selected Bibliography of Completed Theses and Dissertations Related to North Carolina Subjects

Compiled by Anne Miller and Elizabeth Crowder

This compilation continues the “Selected Bibliography of Completed Theses and Dissertations Related to North Carolina Subjects, 1974–1978” published in the January 1979 issue of the North Carolina Historical Review and the supplements published annually in January since 1979. Titles included in this bibliography were derived from ProQuest Digital Dissertations,¹ as well as from graduate offices, history departments, and libraries at North Carolina’s universities.

Entries are listed alphabetically by author under the field in which the degree was awarded or in a closely allied field, followed by the title of the thesis or dissertation, the type of degree, the name of the university granting the degree, and the year in which the degree was awarded. The number of pages has been included when available.

In order to conserve space, the full titles of some universities have been shortened, and the names of North Carolina universities have been abbreviated:

ASU Appalachian State University, Boone
Duke Duke University, Durham
ECU East Carolina University, Greenville
NCCU North Carolina Central University, Durham
NCSU North Carolina State University, Raleigh
UNCC University of North Carolina at Charlotte
UNC-CH University of North Carolina at Chapel Hill
UNCG University of North Carolina at Greensboro
UNCW University of North Carolina Wilmington
WCU Western Carolina University, Cullowhee
WFU Wake Forest University, Winston-Salem

¹ ProQuest Digital Dissertations, ProQuest Information and Learning, 300 North Zeeb Road, Ann Arbor, MI 48106-1346, http://wwwlib.umi.com/dissertations. Web download, paper, and microform copies of many of the titles included in this bibliography are available from ProQuest. In addition, manuscript or microfilm copies of theses and dissertations usually may be read in the libraries of universities granting the degrees, and copies of some of the titles may be available through interlibrary loan. Some theses and dissertations are also available online through university library Web sites.
